"Canadian Represents Canadians in Japan"

Lost Boys Studios is proud to announce Mr. John Wittmayer of Atomic Crayon Productions as part of our extended family.

LBS is an award winning 3D animation and Digital Effects company with studios on the Pacific Rim of Canada. Lost Boys' projects and clientele reach as East as Norway and as far South as Mexico. Our creations for the international commercial market have won us critically acclaimed awards such as MOBIUS (Chicago), INTERNATIONAL MONITOR (USA), FIAP (Latin America), Creative Circle (Mexico) among others.

LBS is excited to have John (Wittmayer) representing our young Canadian team in the Japanese market.

"We have had great success with large advertising markets such as Mexico City. We are at an age where location is secondary and creatives and agencies alike are able to scope the globe in search of creative talent that isn't just in their own back yard. At the same time its' nice to know you have somebody like John for immediate contact directly with LBS in Tokyo." Roula Lainas, Digital Effects Producer. John, who is originally from Canada himself, has over 10 years experience in the film & television industry before reaching Japan and calling Tokyo his new home in 1998. Wittmayer will be representing LBS to the Japanese film, television and commercial market.
