Lost Boys Studios Wraps Feature, TV Projects

Unnatural & Accidental

The Score

Orchid & The Rose

SCI FI Channel TV Pilot

Comox Valley, BC, Canada

RECENT PROJECTS:

Lost Boys Studios wraps a busy few seasons from their new location in the Comox Valley on Vancouver Island, BC.

Lost Boys Owner and Visual Effects Supervisor **Mark Benard** personally completed over 50 shots for Director **Carl Bessai's** new feature **Unnatural and Accidental**, shot in Vancouver in the Spring of 2005. Benard handled 3D and Compositing for the film's eerie ghostly sequences and environmental snow shots, as well as many layers of compositing for the newspaper montage sequences.

Benard and Vancouver Producer **Dennis Tal** teamed up to create the animated short **Orchid and the Rose**, with Benard assuming Co-Producer and Co-Director credits, supervising a team of six digital artists. The film runs 4 minutes and is currently being submitted to film festivals internationally.

Also completed by the studio were shots for **SciFi Channel's** new TV series pilot, shot on Vancouver island, including an animated hummingbird and snapping flower, and a particle-heavy hologram sequence.

COMING SOON TO CBC TELEVISION:

Lost Boys Studios is proud to have provided VFX Supervision and effects for **CBC/Genome Canada/Screen Siren Picture's** feature **The Score**, directed by **Kim Collier**. The Score will premiere on January 12, 2006 at 8 p.m. on CBC Television and has already played at the Vancouver International Film Festival. The Score is a groundbreaking musical drama about a scientist whose own genetic history threatens her career, her lab and her life. VFX Supervisor Mark Benard and team created over 40 shots, including green screen sequences and split screen musical sequences for the film. For more information about The Score please visit their website at www.thescorethemovie.com.

Based in Comox, BC Canada, Lost Boys Studios provides Visual Effects and Animation to the Film & TV industry. Visit our website at www.lostboys-studios.com.
